ADHAR: Special Home For Specially Abled

Adhar is a pioneering non-profit organization committed to providing lifelong care for adults with intellectual disabilities. Since its inception in 1994, Adhar has grown to become one of India's largest and most respected institutions for this purpose, operating three centers in Maharashtra - Badlapur (since Jan 1994), Nashik (since June 2012) & Satara (since April 2024).

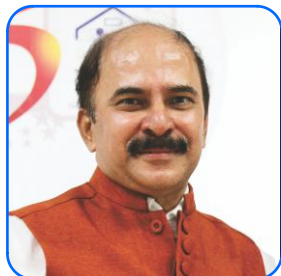

Caring for over 435 residents aged 18 to 82; Adhar offers not only a safe and nurturing environment but also fosters significant community impact by creating over 270 jobs in rural areas, including 84 for women. Besides the three centers, Adhar supports two other institutions in Solapur and Jalgaon, aiding economically disadvantaged families. Each year, Adhar directly impacts around 2000 lives across 18 states in India.

Recognized for its excellence, Adhar was awarded the 'Best Institution in Service to the Disabled' by the Government of India in 2014, with the award presented by then-President Shri Pranab Mukherjee. Chairman's Message

Dear Adhar Parivar,

As we stepped into the new financial year FY 2026-27, we celebrated the successful inauguration and operationalization of **two new 52-bedded dormitories** for our male residents at our Badlapur campus. This marks another significant milestone in our journey towards providing a safe, comfortable, and dignified home for adults with intellectual challenges.

One dormitory construction has been supported by **SBI Foundation** and **SBI SG Global Securities Services Pvt. Ltd.** while the other has been made possible through the generous support of **Chellaram Foundation**. On behalf of the Adhar Board of Trustees, I extend my heartfelt gratitude to these organisations for their trust and partnership. I also sincerely appreciate the dedicated efforts of our administration team, architect, structural engineer, contractor, and everyone who contributed to the successful completion of these important projects.

I am equally pleased to share another important milestone in our journey. The Hon'ble Charity Commissioner, Mumbai, has approved the change of our Scheme and our organisation's name from **Association of Parents of Mentally Retarded Children (APMRC)** to **Adhar Foundation**, with effect from 8 April 2026.

As our original Trust Deed was established more than three decades ago, it became necessary to revisit and update the Scheme to reflect the growth of our organisation, our present activities, future vision, and expanding areas of support. Accordingly, we proposed revisions, including the change of name, to make the Scheme more comprehensive and better aligned with our evolving organisational needs and future vision.

We are pleased that the revised Scheme has now

been approved, providing a stronger framework to guide our work in the years ahead. While our name and objectives have evolved, our core values and commitment to providing lifelong care, dignity, and opportunities for persons with disabilities remain unchanged. The name **Adhar** reflects the support, care, and lifelong commitment that have been at the heart of our work for over three decades.

We have initiated the process of updating our new name across all statutory registrations and records, including the Trust Registration Certificate, PAN, bank accounts, Income Tax registrations, CSR registration, and other legal documents. As these formalities involve multiple authorities, the process will take some time. Until then, all our official documents and communications will continue to carry our former name, APMRC.

As we begin this new chapter as **Adhar Foundation**, I extend my sincere gratitude to our parents, donors, volunteers, staff, well-wishers, and partner organisations for their continued trust and support. Together, we will continue to build a caring, inclusive, and secure future for persons with intellectual challenges.

Warm regards,
Vishwas Gore
Chairman

Fond Remembrance

Editorial

Dear Readers,

This quarter has been one of significant progress for Adhar. The inauguration of two modern 52-bedded dormitories, together with ongoing construction of reception and centralised store, marks the beginning of what is perhaps the most ambitious redevelopment in Adhar's history. Over the next few years, the Badlapur campus will undergo a complete transformation. In many ways, we are not merely renovating buildings we are creating an entirely new Adhar for the generations of residents who will call it home. Every new structure is being designed to enhance comfort, safety, accessibility and the quality of everyday life for our special adults.

Our Satara campus too continues to blossom. As it completed two years of dedicated service, the addition of a beautifully developed artificial lawn has created a safe and inviting space where residents can walk, exercise, play and simply enjoy being outdoors. Sometimes, the simplest additions make the biggest difference to everyday happiness. This quarter also gave us the privilege of celebrating the 97th birthday of our beloved Trustee, Shri Sitaram Chandavarkar. For decades, Chandavarkar Sir has stood beside Adhar with unwavering wisdom, encouragement and quiet strength. His guidance has shaped countless decisions that have helped build the institution we proudly call Adhar today. We remain deeply grateful for his continued blessings and support. Yet, alongside these moments of celebration, we also experienced an irreplaceable loss.

With profound sadness, we bid farewell to Shri Govind Gore, whose contribution to Adhar can never truly be measured. Govind Dada was the driving force behind the establishment of our Nashik Home and our Senior Citizens' Home. His

vision, generosity and remarkable ability to guide people and resolve challenges have left a lasting imprint on Adhar. His lessons, values and legacy will continue to inspire us for years to come. Govind Dada, you will be deeply missed, but never forgotten.

Across all our centres, life continued to be enriched through therapy sessions, health camps, yoga, birthdays and celebrations. Our Sunday outings have become eagerly awaited by residents, while the regular chaat and snack parties have brought countless smiles and moments of joy across our campuses. These simple experiences create the warmth, friendships and sense of belonging that make Adhar feel like home. The recognition received at the Tata Mumbai Marathon Philanthropy Awards, along with the continued support of SBI Foundation, SBI-SG Global Securities Services Pvt. Ltd, Chellaram Foundation, our corporate partners, volunteers and donors, reflects the growing confidence in Adhar's mission. We are sincerely grateful to everyone who continues to walk this journey with us.

Every new initiative, every improvement and every decision we take is guided by one simple question: "Will this make life better for our residents?" If the answer is yes, we know we are moving in the right direction.

**Warm regards,
Arun Wadhwa**

GRATITUDE

There is no happiness like knowing that you have made a difference in someone else's LIFE. This happiness we attribute to all the donors, well-wishers and friends who have supported us directly or indirectly over the years. We express our gratitude for their gesture and wish that our association continues in the times to come.

THANK YOU!!
